

FormsRec® For Healthcare Insurance Claims

Capture Healthcare Data Automatically

FormsRec® automatically extracts HCFA 1500 and UB-92 data from images of the healthcare forms

Reduced Keying time

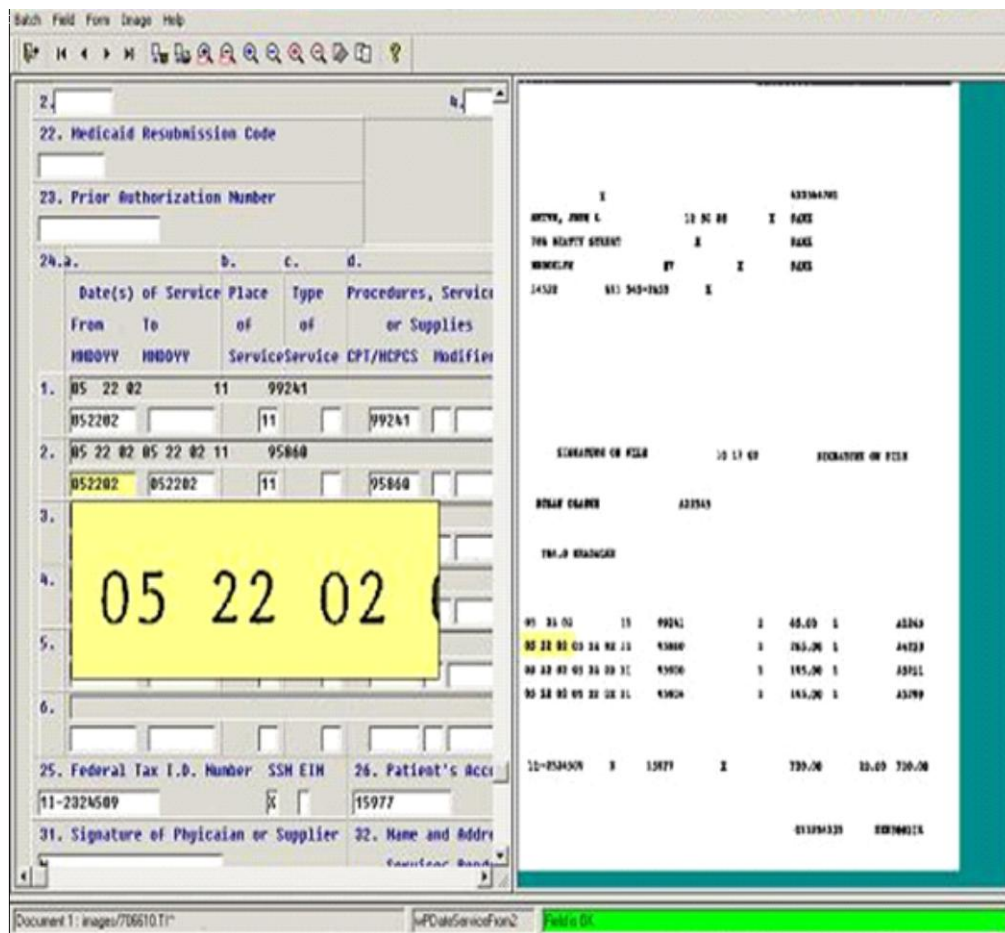

Keyers save time – the form is already filled out – simply correct the data using the highlights as a guide

Keep Tighter Controls on Healthcare Forms

Keying from images is faster and safer – no more distribution of healthcare originals to every keyer station

Reduced Keying Time = Reduced Costs

Typically, Healthcare forms can be keyed 2 to 3 times faster, affecting your bottom line from DAY ONE

Automate your Health Claim Forms with FormsRec®
and Save Keying Costs **FAST**
